

# Corporate Matching

Many employers have a policy of matching payments (and volunteer hours) made to charitable organizations. This often includes payments (and volunteer hours) made by retirees and/or spouses. Below is a list of some companies who **may** participate; however we strongly encourage you to consult your benefits coordinator or human resource department to verify current policies.

We ask that you take the time to inquire about a matching program at your company since it can double or triple your gift to Summit.

## These companies have been reported to match:
