

Family Media Release

If your child is NOT enrolled at Summit School for the 2020-21 academic year, please complete this Family Media Release form.

Summit School is proud of the many successes that students and staff achieve every day and regularly announces and publicizes achievements, activities, and events.

At various points throughout the school year, or during summer programs, your child may be photographed or videoed for publicity and/or announcement purposes. Publicity and media outlets include, but are not limited to, printed and/or online newspapers and/or magazines, radio and/or television news sites, and/or social media platforms, as well as Summit School's website, its social media platforms, and/or public presentations or displays in the community.

I understand that neither Summit School nor the news media has any obligation to use or be compensated for such rights. I am also aware that I will not receive monetary compensation for my child's participation, and I waive any right to inspect or approve final use of materials.

This form shall be valid for the 2020 summer programs and can be updated each summer. Additionally, if at any time you wish to withdraw your consent, you may do so in writing; however, any prior photos or recording of your child will remain part of the school's archive.

I give Summit School permission to use, edit, reproduce, and publish photographs, video, and audio of my child for news media or school publicity purposes, both while my child attends Summit School and thereafter in perpetuity.

- ☐ Yes
- ☐ No

Summit School's Media Privacy Policy

The school's responsibility is to honor the parents' request for privacy while the child is at school or participating in a school sponsored activity, therefore we ask parents not to post pictures or videos of any other children on any web-based digital sharing or social media sites, without the permission of the parents of the other child(ren).
